

**Zero Accidents:
It's not about numbers,
it's about people.**

We ^{all} take care!

The Management Board is honouring with this award Business Groups with a particularly low accident rate. They have set an example within the Freudenberg Group and helped to a great extent to achieve the strategic corporate goals in occupational safety.

Occupational Safety Excellence Gold Award 2007

Heading for Zero Accidents, the Business Group

Freudenberg-NOK General Partnership

achieved outstanding results in the prevention of accidents.

The milestones for both strategic accident key figures (TMQ <3, LDI <6) set by the Freudenberg Group for 2009 were already attained in 2007 by the values of TMQ 1.9 and LDI 3.6.

The Management Board would like to express its particular appreciation of the management and employees.
